

## "2 for the Show"

Our duo consists of two women that came to Hawaii 4 years ago with no idea of how we were going to make a living here.

In 1983 we collaborated with a male bass player and drummer to create a Top 40 rock-n-roll band. In the 90's we played in a country band. Linda toured overseas with the U.S.O. in a band called Knightwing in 1981.

Self-taught on guitar and drums, Linda has a knack for reproducing identical sounds and creating a perfect replay of each piece of music. Coco has played piano accompaniment for singers, instrumentalists, dancers, entertainers, plays, concerts, videos and gave piano lessons since junior high school. She is also known for sight reading and for playing last minute performances with no rehearsals. We might be able to reproduce using a guitar, a piano and two voices for everyone's enjoyment.

Together we thought about what the people might like to hear. Then we figured out which of those great songs we might be able to reproduce using a guitar, a piano and two voices for everyone's enjoyment.

We also are members of the Solar Wind Surf Band and have won the Mayor's award for "Best Music" and "2nd place float" for three years in a row, while playing on a flatbed truck (with no rails) in the Kona 4th of July parade and Christmas parade.

We have been able to live here with a little hard work and playing music at places like: Kava Kafe, Kohala Coffee Mill, Sushi Rock, Luke's Place, Hawi farmers market, Waimea Homestead market, Keauhou shopping center and Outrigger farmers markets, Kealakekua Green Market and Ocean View bazaar. We also hosted "Open Mic" once a month at the Makapala Store for two years. We've also been hired to play for the Hilo High School 50 year class reunion on Sept. 21st. Keep a song in your heart.

Aloha and Mahalo,

Linda and Coco
